Overview of models – vertical version

Product description

The elegant and timelessly modern impression is replicated in every surface finish. Its extreme adaptability makes Zehnder Metropolitan an integral part of the architecture.

As elegant as it is refined: the reason the Zehnder Metropolitan looks so incredibly pleasing is that the flat radiator tapers away to the rear. Zehnder Metropolitan is available in various sizes.

Benefits

- Innovative radiator with flat design
- Large radiant component
- Light, airy look

H = Height

L = Length

T = Depth

① = Thermal output per radiator, measured according to EN 442, ΔT 50 K (75/65/20 °C)

V = Water capacity

M = Weight
